

CSAS High School Supply List

HS Supply Lists

High school students can expect to receive their supply lists the first day of school. It goes without saying that students will need pens, pencils, composition books, TI-84 calculators or math classes, and other normal supplies if you want to go ahead and purchase some items. **We ask that each student bring in one ream (500 sheets) of white copy paper.** Cleaning supplies should not be on any one teacher's supply list. These items are not the parents' responsibility. If you would like to donate cleaning supplies, Kleenex, paper towels, etc. please reach out to our Parent Volunteer Coordinator.
